- Engineering: Systems Design (PADI), Cloud Architecture, Testing, Integration, Program Management
- Software Development: Pig, Hadoop, Java/Javascript, C/C++, Python, web/GUI languages

Past Performance

MPO (prime & sub)
US Cyber Command (sub)
Other IC Agencies (sub)
GSA IT Schedule 70 (prime)
Seaport-e (prime & sub)
Healthcare Analytics Development (prime)
Innovative Mission Capabilities (prime)

Differentiators

Experts in Intelligence & Signals Analysis
Experts in Engineering & Program Management
Experts in Cloud Analytics & Systems Design
Internally-developed candidate matching system
Formal Quality Management system established
DoD 8140/8570 compliant
TS Facilities Clearance (NSA CI & FS polygraphed)
DSS Approved Insider Threat Program
Agile (SAFe) Management & Engineering structure
DCAA-reviewed Accounting system
DDTC ITAR registered & compliant
QMS: ISO 9001:2015 & Six Sigma
IRaD: SDR, OSINT, Cloud Analytics
Maintain private data center
